Request for Assignment Submission Deadline Extension

Dear Professor,

I hope you are doing well. I am writing to respectfully request an extension on the assignment submission deadline for your course. Due to an increased academic workload and some unforeseen circumstances, I have been unable to complete the assignment within the given deadline.

I am currently working on the assignment and want to ensure that I submit quality work that meets the required academic standards. Therefore, I kindly request an extension of a few days to complete and submit the assignment properly.

I sincerely apologize for any inconvenience caused and assure you that I will submit the assignment within the extended deadline if granted. I would be grateful for your understanding and consideration.

Thank you for your time and support.

Yours sincerely,
Udit Ravikant Chaubey
